

# ASO<sup>®</sup> Ankle Stabilizer Orthosis

The ASO is a patented ankle support that can be worn either preventively or during the treatment of an acute ankle sprain. The patented "figure 8" straps and elastic cuff supports the ankle in a biomechanically neutral position, reducing either inversion or eversion type injuries or re-injuries. Made for either the left or right ankle, the ASO delivers superior patient results.

## ASO<sup>®</sup> sizing chart

To determine the proper circumference of the ankle, measure the distance around the heel.
