

CRISS CROSS LUMBAR SUPPORT

Features:

- Overlapping abdominal straps provide exceptional lumbar and abdominal support.
- Three separate closures provide a wide range of tension adjustment assuring the best fit.
- Applying the brace requires little effort, conforming to the body with no stiff stays to poke and irritate.
- Extremely comfortable when worn against the skin and contoured in front with an elastic belt with a soft plush liner.
- Tailored to ensure even tension at top and bottom.
- Combined with the securing effects of its overlapping abdominal straps, annoying slippage is eliminated.
- Rear pocket accepts a moldable insert, hot or cold pack.
- Fits a moldable insert #0101 for maximum effectiveness.
