

CUSHIONED TOE SPACER

Cushioned Toe Spacers help keep toes properly aligned to provide comforting relief for the pain associated with bunions, overlapping toes, and toe drift. These silicon based spacers are soft & smooth so they won't snag on hosiery or socks and are suitable for most shoe types and sizes.

Features:

- Form-fitting
- Washable & Re-usable
- Easy to wear
- Comfort Fit
- Won't stick or snag to socks
- Longer-Lasting than most

Indications:

- Bunions
- Overlapping Toes
- Toe Drift
- Hammer Toe

One Universal size for each foot.
